

CAPSPECIALTY HOSPITAL PROFESSIONAL LIABILITY **RISK MANAGEMENT**

CapSpecialty has partnered with [OmniSure](#) to help healthcare organizations enhance performance, avoid lawsuits, and improve their risk profiles by making specialists with expertise in all the most important facets of healthcare risk management available to them. OmniSure consultants, who are recognized as thought leaders in the risk and patient safety arenas, are available to collaborate with healthcare organizations to proactively analyze their risk exposures and develop mitigation strategies.

OmniSure is available to conduct group trainings or webinars and develop quick-tip videos, publications, or toolkits on emerging trends such as Enterprise Risk Management (ERM) compatible with the COSO framework, patient safety culture, healthcare organizational communication, strategic decision analysis, sexual abuse liability, medical/legal education and communication after an adverse event (disclosure). Specialty risk assessments focus on high-risk areas such as obstetrics, suicide prevention, violence preparedness and prevention, cultural and systemic threats, emergency, disaster, and pandemic preparedness, and much more. All services, which are complimentary to CapSpecialty Hospital Professional Liability policyholders, are available on-line, by phone or in-person to best fit the customer's needs.

SERVICES AVAILABLE

- OmniSure's live helpline, for advice on demand, is answered by experts 24 hours a day, seven days a week.
- OffSight™ Risk and Quality Review starts with an analysis of available external resources including the application, loss runs, survey history, website, online reviews and other available data. This is followed by a video conference interview and best practices consultation. An internal report is then generated that includes an executive summary with recommendations.
- After completing OffSight™, OnSight begins with an OmniSure clinician touring the facility and conducting a brief interview. Information that is gleaned from this visit is incorporated into the internal report.
- RiskFit® provides access to monthly risk tips by email. They include videos, podcasts and checklists on certain topics.

CapSpecialty and OmniSure bring healthcare organizations the best possible combination of standard and tailored services to mitigate risks. All of these services are provided to CapSpecialty Hospital Professional Liability customers at no additional charge.
