

# INSURANCE AGENTS E&O RISK MANAGEMENT RESOURCES

CapSpecialty® responds to the unique needs of your Insurance Agents Professional Liability business through providing access to Enquiron's risk management platform.

By partnering with Enquiron, all of our Insurance Agents E&O policyholders will have access to online risk management tools available 24 hours a day for three risk management topics in the Agent E&O Resource Center: E&O, Cyber and Human Resources. The portal includes an E&O Risk Assessment Tool and dedicated relationship managers to help you take full advantage of these benefits, which will allow agencies to identify areas of risk to help mitigate their potential liability.

## E&O AND CYBER RISK MANAGEMENT

Traditional personnel-related issues are now exacerbated by cyber security concerns. The Agent E&O Resource Center provides legal and compliance services to help agents address E&O and cyber challenges. These services help employers protect themselves from risks associated with E&O and Cyber related issues and include:

- Unlimited E&O focused advice from attorneys and live guidance from cyber experts
- Online assessments, training courses, podcasts and webinars
- E&O best practice guides, customizable cyber privacy plans, incident response kit, news and more
- E&O resources addressing documentation, binding coverage, date stamp materials, disclaimers and more
- Guided solutions that help employers understand how cyber impacts E&O
- Proactive regulatory updates based on each user's selected preferences

## HUMAN RESOURCES RISK MANAGEMENT

Human Resources risk management section is here to help employers navigate the continuously changing employment laws and ongoing employee issues. The Human Resources risk management services provided include:

- Unlimited, specific, documented and confidential advice from employment law attorneys
- A state-specific employee handbook building tool and online sexual harassment prevention training
- Customizable HR risk management resources and proactive HR Express Updates direct to your inbox
